VISUAL MEDIA CREATOR, EDITOR

ABOUT ME

Photographer. Videographer. Video Editor. Yes, I do all three. No, my back does not hurt from carrying the entire production crew on my shoulders (okay, maybe a little). Let's make something cool.

EXPERIENCE

DIRECTOR OF PHOTOGRAPHY

2024 - 2025

Sound Trippers / Bell TV

Served as Director of Photography for the 5-episode music docuseries Sound Trippers, capturing the raw energy and diverse stories of North Bay's underground music scene. Utilized dynamic, intimate camera work to balance high-energy performance sequences with sensitive, character-driven interview packages in cramped rehearsal and community spaces.

2023 -2025

Guerrilla Grooves

As Director of Photography for Guerrilla Grooves, you directed and filmed 10-12 live-performance music videos, managing multi-camera crews to capture high-energy, cinematically lit content. These roles involved setting the visual style and ensuring technical continuity for live-to-tape sessions

ASSISTANT DIRECTOR OF PHOTOGRAPHY

2025

Roudra(short film) / to be released

Collaborated closely with the Director of Photography to execute complex camera blocking and visual storytelling, while managing camera setups, maintaining strict technical continuity, and coordinating with grip and lighting crews to ensure efficient on-set production.
